A-Z HOW ITS WORK ?

🐾 Welcome to Puppy Rooms

A Vision for Local Hospitality and Global Experiences

Founded by S.M.B.K. Gunawardena, Puppy Rooms was born out of a deep love for Sri Lanka and a mission to uplift local tourism. After extensive research, we realized that while tourists often flock to Sri Lanka during peak seasons, many small hotel owners and villa operators were missing out on the opportunity to showcase their spaces and generate meaningful income. Puppy Rooms is our solution to that gap.

We built this platform to empower Sri Lanka's local hosts—offering them global visibility, simplified booking tools, and a way to welcome guests from all corners of the world. Our goal is clear: help hosts earn more, bring foreign revenue (dollars) into the country, and deliver affordable, stress-free holidays for every traveler.

💼 How Puppy Rooms Works

We operate on a simple and fair commission model:

- 10% is charged from the guest at the time of booking.
- 90% is paid directly to the host upon guest check-in.
- If a guest chooses to pay the full amount online, Puppy Rooms releases the funds to the host after guest checkout for added security.

🌍 Our Target

We focus on international travelers who want to explore the richness of Sri Lanka. From budget-friendly stays to eco-retreats and unique local homes, we offer listings across every category with a Sri Lankan soul.

🚀 Looking Ahead

This is only the beginning. Puppy Rooms is the first step in a bigger vision:

- We're developing Puppy Holidays, a comprehensive platform that includes travel experiences, local tours, and adventure packages.
- We aim to create lasting impact by uplifting rural homestays and reshaping the future of tourism in Sri Lanka.
- Our long-term goal? To become the "Best holiday platform in Asia" with heart, powered by locals and loved by the world.
